Margarita Sherman was asked to review the Comcast contract and to provide a summary of the provision for annual increases.

The Board discussed the strategy of creating some competition in our Natural Gas pricing and will seriously consider issuing a cancellation notice to our current supplier whose contract is set to expire in August 2016 and therefore enable DVE to solicit multiple proposal for next winter.

As has been done in prior years, the Board elected to execute a price lock on a portion of the complex's natural gas winter season usage. This year the volume that will be on fixed price is approximately 60% of forecast total usage at a price of $2.29 per MMBTU. The balance of 40% volume will be priced based on the market price at the time of usage.

Note: MMBTU is 1,000,000 cubic feet of natural gas.

Owner Carl Henry was a guest at the meeting.

Representing Basic Property Management were Gary Nicholds, Eric Nicholds and Geoff Merker. Erika Krainz of Summit Management Resources transcribed the minutes from recording.

III. QUESTIONS AND COMMENTS FROM THE FLOOR/COMMENT BOX
Carl Henry commented that the new lighting and cable service was very nice.

IV. FINES AND HEARINGS
There were no fines or hearings.

V. MANAGER’S REPORT

A. Manager’s Report
Geoff Merker provided a written report prior to the meeting for Board review. An owner has complained about banging pipes in the wall and he is trying to determine the source of the noise.

B. Delinquency Report
Gary Nicholds reported the following:
1. Owner #3 – The owner has been making payments but not enough to reduce the outstanding balance. The owner will be contacted.
2. There may be some bad debt recovery from an owner whose balance has already been written off.

Bob Price was concerned about the $6,000 increase to the delinquent balance since last month. Gary Nicholds will follow up with Margarita Sherman on this issue and provide a recommendation if the increase in delinquencies appears to be a trend.

Paul Hage said there was a previous owner that had two delinquent units. The Association collected $5,477 against the balance of $10,788 that remained after we
collected on our super lien during foreclosure. It will show up on the financial report as recovered bad debt once the check is received. Margarita Sherman estimated there would be recovery expenses of $1,500 - $1,800. She will be asked to provide a report at the next meeting.

VI. TREASURER’S REPORT

A. 2015 Year-to-Date Operating P&L as of January 31, 2015
1. Total Revenue - $2,286 favorable to budget due to two months of revenue for Washer/Dryer income.
2. Total Expenses - $4,498 favorable to budget. Bad Debt was $1,037 unfavorable to budget, Boilers was $647 unfavorable to budget due to domestic hot water issues in Building J, Gas was $4,003 favorable to budget, Winter Grounds Maintenance was $475 unfavorable to budget due to professional snow and ice removal from the roof of Building J and Truck Insurance was $781 unfavorable to budget due to timing of the invoice.
3. Net Operating Income - $678, which was $6,784 favorable to budget.

Paul Hage commented that gutters were installed on a building to eliminate ice buildup on the walking surface in winter, but did not resolve the problems. He suggested adding heat tape to one building and tracking the costs for a winter. Geoff Merker said he was getting cost estimates for this project.

Paul Hage reviewed the Reserve P&L:
1. Revenue - $42 favorable to budget.
2. Expenses - $4,080 favorable to budget. Expenses for the month were $4,313 for Loan Interest and $897 for the Clubhouse Upstairs.
3. Net Income - $36,119, which was $4,123 favorable to budget. Including Balance Sheet budgeted items, Net Income was $17,610, which was $4,346 favorable to budget.

The loan balance was $749,592. Paul Hage requested that Margarita Sherman send the financial report to him by Wednesday of the week prior to the meeting.

Mike Kurth made a motion to approve Financial Report. Lisa Watkins seconded and the motion carried.

VII. BUILDINGS, GROUNDS AND LANDSCAPING COMMITTEE
There was no report.

VIII. ARCHITECTURAL REVIEW COMMITTEE
Cathy Brosius did not have a report.
IX.  OLD BUSINESS

       Lisa Watkins reviewed the books and all were in order.

X.  NEW BUSINESS

   A.  Roof Gutter Problem at Building E
       The Board discussed the gutter issues prior to the meeting. Geoff Merker said some repairs were done but there were additional leaks and the vendor will be on site tomorrow to work on some of the gutters.

   B.  Playground Drainage
       Geoff Merker said there has been money budgeted for playground for the past several years but it has not been spent. The playground should either be relocated or the standing water remediated by adding French drains and filling the low area with dirt. The Board agreed they would prefer to keep the playground in its current location and that an attempt should be made to resolve the drainage issue in the spring.

   C.  Staff Bonuses
       Paul Hage made a motion to allocate $3,000 from the Director’s Expense line items for Geoff Merker to distribute as bonuses to the Dillon Valley East staff. Lisa Watkins seconded and the motion carried.

   D.  Draft House Rules
       Bob Price had the following comments on the draft House Rules that were distributed by Geoff Merker:
           1.  Decks – The rule states that nothing stored on the decks can be taller than the railing. This would mean that grills, hanging bicycles and kayaks would be out of compliance. Cathy Brosius suggested using the word “should”.
           2.  Clubhouse – Food and drink is prohibited in the lounge area. He felt guests should be allowed to have food and drink as long as they clean up after themselves. Geoff said it could be a policy rather than a rule.

       Paul Hage recommended forming a Committee to review the House Rules for presentation to the Board.

   E.  2016 Capital Projects
       Bob Price requested a list of scheduled projects for 2016, the budgeted amounts for those projects and the status of the process for review at the March meeting.

XI.  SET NEXT MEETING DATE

I. CALL TO ORDER
The meeting was called to order at 7:06 p.m. by Richard Garcia.

Board members participating were Richard Garcia, Mike Kurth, Paul Hage, Lisa Watkins and Bob Price (via teleconference).

Owners Tom Lorenz (X103), Lee Vroble (X302), Jeff Schramm (I205) and Carl Henry (U202) were guests at the meeting.

Representing Basic Property Management were Gary Nicholds, Eric Nicholds and Geoff Merker. Erika Krainz of Summit Management Resources was recording secretary.

II. APPROVAL OF PREVIOUS MEETING MINUTES
Paul Hage made a motion to approve the February 15, 2016 Board Meeting minutes as presented. Mike Kurth seconded and the motion carried.

III. QUESTIONS AND COMMENTS FROM THE FLOOR/COMMENT BOX
Lee Vroble expressed concern about damage to the grass being caused by cars parking diagonally in the Building X lot. Geoff Merker said there is not enough parking for all occupants and there are some unauthorized vehicles. Geoff will address this issue.

Jeff Schramm said there was a water leak in the rental unit above him in late December. Water ran down the wall into his bathroom. He was concerned about the length of time it took for the management company for the unit to respond and their lack of responsiveness regarding the repairs. He asked if there was a list of management companies for the rental units and if proof of homeowner or renter insurance is required for all units. Richard Garcia responded that there was not a list and proof of insurance was not required. He recommended that Jeff resolve the issue by working with the owner of the unit above. Jeff also mentioned that oil leaking from the tenant’s car was being tracked into the building and damaging the hallway carpet. Geoff will inform the unit owner that he will be fined for the damage to the asphalt caused by the oil, he will be billed for the cost to replace the asphalt and he will be billed for cleaning the hallway carpet.

Tom Lorenz commented that two contractors complimented Geoff Merker for his assistance. He said there has been vandalism to his patio fence and gate. He plans to install a surveillance system. He said the plow was damaging some of the grass and felt the plow contractor should be responsible for repairing the damage at his own cost. Richard Garcia said the Board would tour the property in the spring to identify damage. Tom was in favor of towing improperly parked cars. Geoff said towing was only done as a last resort. Parking violations are issued as needed.
Jeff Schramm asked about the impact of the new water rates. Paul Hage said the budget was increased and the account is currently slightly under budget.

IV. FINES AND HEARINGS
There were no fines or hearings.

V. MANAGER’S REPORT

A. Manager’s Report
Geoff Merker provided a written report prior to the meeting for Board review. Bob Price requested that action be taken for repeat rules violations. Geoff Merker said the procedure varied based on the type of violation and suggested revising the rules to make them consistent. He has proposed fines in the past but did not receive Board support.

B. Delinquency Report
Margarita Sherman reported the following:
1. Owner #2 – Notice of delinquency was sent 2/23/16. If the owner does not pay the balance or contact management to establish a payment plan by 3/23/16, the file should be sent to the attorney.
2. Owner #4 – Notice of delinquency was sent 3/18/16 but the owner has not responded.
3. Owner #18 – The owner is disputing the late fees that were incurred when Union Bank stopped making the payments after one year.
4. Owner #6 – This delinquency will be addressed by the Board offline.

Paul Hage made a motion to send owner #2 to the attorney in accordance with the established timeline. Bob Price seconded and the motion carried.

Paul Hage made a motion to send owner #4 to the attorney. Bob Price seconded and the motion carried.

Bob Price made a motion to waive the late fees for owner #18 since the owner has not been delinquent in the past. Paul Hage seconded and the motion carried.

VI. TREASURER’S REPORT

A. 2016 Year-to-Date Operating P&L as of February 29, 2016
1. Total Revenue - $2,226 (0.9%) favorable to budget.
2. Total Expenses - $19,629 (-7.6%) favorable to budget.
3. Net Operating Income - $11,679, which was $21,856 favorable to budget.

Paul Hage reviewed the Reserve P&L:
1. Revenue - $289 favorable to budget.
2. Expenses - $3,170 favorable to budget.
3. Net Income - $69,452, which was $3,459 favorable to budget. Including Balance Sheet budgeted items, Net Income was $44,064, which was $3,404 favorable to budget.
Bob Price asked if the monthly water accrual was accurate. Margarita Sherman explained that the Water District provides the usage information on a monthly basis and she bases the accrual on that figure. The water expense is paid quarterly.

Bob Price said the Apt Remodel CH and CH Renovation Downstairs expenses appeared to be charged to both Reserves and Operating. Margarita Sherman clarified that the expenses were only charged to Reserves. There is a budget for both line items but it was not spread over 12 months so she budgeted the funds based on when the expense occurred in the previous year.

Mike Kurth made a motion to approve Financial Report. Lisa Watkins seconded and the motion carried.

Lisa Watkins did not have a report.

VIII. ARCHITECTURAL REVIEW COMMITTEE

I. CALL TO ORDER
The meeting was called to order at 7:05 p.m. by Richard Garcia.

Board members present were Richard Garcia, Cathy Brosius, Mike Kurth, Lisa Watkins and Bob Price. Sylvia Dowty participated via teleconference.

Owner Baxter Pharr (J205) participated via teleconference.

Representing Basic Property Management were Gary Nicholds (via teleconference), Eric Nicholds, Margarita Sherman and Geoff Merker. Erika Krainz of Summit Management Resources was recording secretary.

II. APPROVAL OF PREVIOUS MEETING MINUTES
Mike Kurth made a motion to approve the March 21, 2016 Board Meeting minutes as presented. Lisa Watkins seconded and the motion carried.

III. QUESTIONS AND COMMENTS FROM THE FLOOR/COMMENT BOX
Baxter Pharr provided an explanation of the situation that led to his dues payments being delinquent. He set up automatic dues payment through Union Bank sometime in 2013. The bank stopped making the automatic payments in October 2015 but never notified him. He did not become aware of the delinquency until he received a letter from the attorney about three weeks ago indicating he owed six months of dues, late fees, interest and a $417 legal fee. He said he was willing to pay the six months of back dues. The Board has waived the late fees and interest. He requested a waiver of the $417 in attorney fees. He did receive emails from Margarita Sherman but he did not know who she was and the subject line did not mention the delinquency so he did not read them. He also did not notice that the balance in his personal account did not reflect the withdrawals for the dues for over six months. He recommended that Basic Property Management make more of an effort to contact owners by phone or by mail in such situations. Margarita Sherman said Union Bank usually sends owner email notification after two years to request owner authorization to continue making payments. She also sends delinquent owners a copy of their statement notifying them the account is in arrears and follows up with another email with a Subject line of “Statement from Dillon Valley East Condominium Association”.

Sylvia Dowty felt this was an issue between the owner and Union Bank. She noted that if the Board were to waive the attorney fee, all the other owners would have to pay the expense.

Cathy Brosius said owners could schedule automatic payment by check from their bank so the funds are sent directly to the Basic Property Management post office box.

Bob Price said the Board appreciated the years of prompt payment but cannot do more than waiving the fees that they control. He agreed that the issue was between the owner and the
bank. In his experience Basic Property Management has been very proactive about contacting owners regarding delinquencies and providing an opportunity for the owner to remedy the situation before taking any legal action.

The Board declined the request to waive the legal fee. Baxter Pharr agreed to send the six months of back dues payments to Basic Property Management along with the attorney fee.

A suggestion was made to change the sender name on emails from Margarita Sherman to “Accounting at Basic Property Management”. Richard Garcia will make this change.

IV. FINES AND HEARINGS
There were no fines or hearings.

V. MANAGER’S REPORT

A. Manager’s Report
Geoff Merker provided a written report prior to the meeting for Board review. He commented on the following issues:
1. Towing – He towed five vehicles. He issued warnings first. He will continue to tow vehicles until residents realize they have to abide by the rules.
2. Hot Water – There were hot water issues in Units H105, AA302 and B302. He followed up to ensure the repairs were made.
3. Heating – Unit S304 had a problem with excessive heat in the unit. It was caused by either a zone valve or thermostat failure.

B. Delinquency Report
Margarita Sherman reported the following:
1. Owner #1 – The file is with the attorney and the Sheriff sale is pending.
2. Owner #2 and #4 – The files are with the attorney. The demand letters expire 5/25/16 and if the owners do not respond, the attorney will proceed with foreclosure.

Bob Price was concerned about the increase of about $4,000 to the total delinquent balance. Margarita Sherman explained that the balance would continue to grow until the balance from the units in the foreclosure process are resolved since none of them are paying dues.

A. 2016 Year-to-Date Balance Sheet as of April 30, 2016
1. Total Operating Cash – $390,626
2. Total Reserve Cash - $1,351,057

3. Net Income - $43,048 favorable to budget. Gas was $21,643 favorable to budget. The Tiger Gas billing will be reviewed to ensure the charges are accurate and that all buildings are included.
4. Total Reserve Income - $1,132 favorable to budget due to higher interest.
5. Total Reserve Expenses - $14,467 favorable to budget due to timing of projects.

There are three CD’s that will be maturing soon. A CD with Grand Mountain Bank will mature on June 18th. Margarita Sherman will and discuss the options with Paul Hage.

Bob Price made a motion to approve Financial Report. Cathy Brosius seconded and the motion carried.

VII. BUILDINGS, GROUNDS AND LANDSCAPING COMMITTEE
Lisa Watkins did not have a report.

VIII. ARCHITECTURAL REVIEW COMMITTEE
Cathy Brosius said she had not received any fence requests yet. There is a significant amount of construction going on in the community and contractors are very busy so owners should plan accordingly if they are contemplating projects. Geoff Merker will inspect existing fences to see if any need maintenance.

IX. OLD BUSINESS

Lisa Watkins reviewed the books and all were in order.

B. Roof Gutters on Building E
Geoff Merker said the gutter between the fourth and fifth entrances on Building E has been bowed by ice dams. The gutter drips and causes large ice patches. There was also a leak on the left side of the dormer that was probably caused by an ice dam. Turner Morris provided a bid of $1,900 to make the roof repairs. Another options would be to install heat tape in that area.

Lisa Watkins made a motion to proceed with the roof repair per the Turner Morris bid. Mike Kurth seconded and the motion carried.

Geoff Merker will get costs for installation of heat tape for review at the next meeting.

C. Scheduled Projects for 2016 and Budgeted Amounts
The project list was sent to the Board prior to the March meeting. The Board did not identify any changes that needed to be made to the list.

   Flyers for the Cleanup Day will be posted at all the building entrances. Participants will be asked to meet at the Clubhouse. Comcast will be sponsoring granola, fruit and rubber gloves. The main project will be trash cleanup starting at the top of the property and working to the bottom. Trash bags will be provided.

D. **Clubhouse Parking Lot Lighting**
   Geoff Merker said there was not currently any lighting in the Clubhouse parking lot. New electrical will need to be run out of Building J. He received a bid of $2,446 for the electrical work. Geoff also proposed purchase of three new lampposts at a cost of approximately $2,500. He will solicit another bid for the electrical work and confirm the pricing for the lampposts.

All tenants must complete a “ready to rent” education program and agree to monthly unit inspections. The lease includes a stipulation that in the event of a violation, tenants can be evicted with three days’ notice. Some research should be done to determine if there are any grants available for the light fixture replacement.

B. Year-to-Date Profit and Loss as of August 31, 2016
Paul Hage reported the year-to-date Operating Budget results:
1. Total Income - $993,109 actual vs. $986,327 budget for a $6,782 (0.7%) favorable variance to budget, due in part to higher laundry revenue.
2. Total Expenses - $947,117 actual vs. $998,103 budget for a $50,986 (5.1%) favorable variance to budget.

The Operating Fund Balance Sheet reflected total cash of $386,898 and total liabilities of $127,184.

C. 2016 Year-End Surplus
Paul Hage made a motion to authorize transfer of any 2016 year-end Operating surplus to the 2017 Reserve Fund. Marcia Pearce seconded and the motion carried.

Chris Heer asked if the difficulty in finding replacement siding would continue. David Thompson said Lowe’s either does not keep T-111 stock or ran out. In the future, will need to be proactive and plan more in advance to eliminate delays. She asked if there had been consideration of switching to a cementitious siding. Paul Hage said try to do five buildings per year for siding repairs/replacement and painting. Replacement with
Hardiboard would be a significant financial impact. Board is considering doing one building as a test. Replaced a lot of siding when the loan was taken out.

Chris Heer motion to approve the Treasurer’s Report. Marcia Pearce seconded and the motion carried.

D. General Comments Related to Financial Reports
Paul Hage said he believes it will be possible to avoid a dues increase next year for the sixth year in a row. The Association has been able to absorb a doubling of the water bill. Low natural gas prices have helped. The Board will continue to lock the price for a portion of the gas usage. An extra $100,000 payment was made against the principal of the loan last year and this may be done again this year.

B. Housing Works Initiatives
Misty McMillian of the Housing Works Initiatives provided an overview of a program that has been established in Summit County with the goal of creating more long-term housing for working locals. The program aims to convert short term or vacant properties to workforce housing. She emphasized that this is not a low-income housing program. The Housing Authority signs the lease, guarantees rent for at least one year, screens tenants, does background checks, requires tenant education and inspects the property monthly. The unit owner is paid market rate rent with no fees and the program is only open to couples or families at this time. There are currently three Dillon Valley East properties participating. More information can be found at www.summithousing.us and the email is property@summithousing.us. The average rates are $1,000 – $1,200/month for one-bedroom units and $1,400 - $1,600/month for two-bedroom units.

C. Architectural Control Committee Report
Cathy Brosius reminded owners that any architectural changes to units require Board notification and/or approval and replacement windows must have tan/off-white colored frames.

A. Project Update
David Thompson provided a slide show of completed and pending projects. He encouraged owners to contact him about any concerns or issues around the property. He can be reached through the Clubhouse phone at 970-468-1371.

1. In-house staff made improvements to the playground, including construction of a stone wall and raising the surface to eliminate drainage problems.
2. Three 15’ light poles will be installed in front of the Clubhouse and power will be connected to the Dillon Valley East sign so it can be illuminated.
3. Installed a fence to screen the utility meters at the Clubhouse.
4. Put in new concrete, posts and hoops for the basketball court and added mulch around the perimeter. The court will not be fenced.
5. Replaced the joists in the Clubhouse meeting room ceiling.
6. Installed a chain link fence around the patio and exterior entrances to the pool and hot tub.

11. Sections of damaged siding are being replaced as needed using in-house labor.
12. Chimney cleaning will be done by Service Monkey.
13. Five buildings are repainted each year.

IX. ELECTION OF MANAGERS

grass. Paul Hage suggested adding temporary fencing around the grassy areas that are in poor condition to allow regrowth.

2. Dacia Carroll was concerned about the perception of the property by potential buyers and realtors. With increased occupancy, there has been more trash and items being left around the property. She asked if these issues were being addressed by management. Dave Thompson said he had spoken to some residents and put up notices. He cannot control children’s bikes being left on the lawn but he enforces items that are in the Rules. Cathy Brosius suggested that the staff pick up all items during their morning drive-through of the property. Dave said he has never issued a violation for toys on the lawn but this would be enforceable since it is in the Rules. Going forward, he will talk to the offenders. Paul Hage noted that the Dillon Valley East units are experiencing the largest percentage of price increase anywhere in the County.

XII. REAL ESTATE UPDATE
All prices are rising dramatically. The largest price increase has been for two bedroom units. There has only been one three bedroom unit sale this year and two one bedroom unit sales are pending. The price for one bedrooms increased from $102,000 in November 2015 to $150,000 for a recent sale. Sales prices for Dillon Valley East and Dillon Valley West have increased 40% and Orofino has increased 17%.

XIII. OPEN DISCUSSION
1. Kathy Peterson commented that a unit in B Building has a charcoal grill and the Parking Rules posted on the unit doors do not include the prohibition of back-in parking. Cathy Brosius said she was working with Dave Thompson on violations, including charcoal grills on decks and non-compliant window coverings. Dave Thompson said he has issued five notices to units with charcoal grills and he will be following up with the owners. Dave said this was overlooked when the signs were printed; new signs will be printed and posted. He walks the parking lots weekly and puts notices on inoperable, unregistered or abandoned vehicles. Owners were encouraged to report charcoal grills and parking issues to management. He has given notice to owners who have campers and trailers parked in the Clubhouse lot to move them by November 1st.

2. Monica Huso said there were people sleeping in their cars behind A Building. Dave Thompson said the area where this is occurring is not Association property. Owners were advised to call the police about such issues.

3. Tony Dobrski and the membership recognized the Board members for their efforts on behalf of the Association.

4. Richard Garcia noted that late night parking issues will most likely not be resolved until the next morning. He asked owners to be sure to inform their tenants of the parking rules.

5. There are new green parking passes. Dave Thompson will send notice to all owners.

6. Nancy Bain asked what items are permitted in the hallways. One of her neighbors has a large rack of shoes that is unsightly. Richard Garcia noted that unobstructed egress must be provided for fire code compliance. Cathy Brosius said the shoes could be under or on top of the built-in bench but additional furniture is not permitted.

7. William Kriegel said he had an issue with noise in an adjacent unit. The Board can issue a warning to the owner. The next step would be to levy a fine. For disturbances caused by large parties, the Sheriff should be called.
8. Barb Slater asked if the insurance coverage for fire should be increased due to the pine beetle activity. Richard Garcia said the Association insures the building exterior. Owners are responsible for insuring their unit contents.

Paul Hage reported the year-to-date Operating Budget results:
1. Total Income - $993,109 actual vs. $986,327 budget for a $6,782 (0.7%) favorable variance to budget, due in part to higher laundry revenue.
2. Total Expenses - $947,117 actual vs. $998,103 budget for a $50,986 (5.1%) favorable variance to budget.

The Operating Fund Balance Sheet reflected total cash of $386,898 and total liabilities of $127,184.

IX. OLD BUSINESS

Lisa Watkins will review the books after this meeting.

B. Roof Gutters on Building E
David Thompson was asked to obtain estimates for installation of heat tape and the cost for monthly operation. He said he tried to get the cost estimates from several sources but was unsuccessful. The Board agreed not to pursue installation of gutters or heat tape since the run off and subsequent freezing on the parking lot surface causes more problems. David Thompson was asked to work on solutions to prevent the formation of ice on the parking lot surface but he was not sure the problem could be solved. David asked if the Association wanted to take responsibility for the icy areas, i.e. using ice melt and chipping on a daily basis. He was concerned about the liability for the Association and that he did not have adequate staffing to perform this work. The Board agreed to provide buckets of ice melt with signage asking residents to use it carefully. David was asked to observe the gutters over the course of the winter and determine if they should be left in place or removed.

C. Lamp Posts and Electrical at the Clubhouse Progress
This topic was discussed at the Annual Meeting.

D. HC3 Recommendations and Suggestions for Energy Conservation
Matt from Deeper Green was on site and accessed the attic in Building A. He determined the insulation is about half the amount of current code. Matt is creating a report and will suggest improvement and doubling of the attic insulation and sealing pipe penetrations.

E. Filter Sand for Hot Tub Pool Filters
One filter was cleaned during a training session. The other two will be done by in-house staff in the next couple of weeks after the sand is received.

F. Sewer Line Cleanouts
Half of the lines were done on Thursday September 15 and the rest will be done next Tuesday, September 20. David Thompson asked Alex to provide a historical report going back to 2012 to identify the areas that need to be proactively cleaned.
G. Clubhouse Fence Progress Report
   The fence installation has been completed.

H. Laundry Room Tile Replacement
   David Thompson said the tile did not need to be replaced.

I. Hallway Carpet Replacement Progress Report
   David Thompson tried to get a third bid but was not successful. He selected a contractor and carpet installation will begin immediately up to the budgeted amount. He recommended budgeting a bit more in the future. David will send Richard Garcia a list of the buildings that will be done.

J. Patio Slab Replacement Progress Report
   Two patios have been designated for replacement and both have been started. Concrete will also be poured under the dumpster at A Building.

K. Parking Lot Crack Sealing and Patching Progress Report
   The patching has been completed and the crack sealing scheduled in October. Bob Price said there was a large crack in the sidewalk between the Clubhouse and G Building. David Thompson will ask A-Peak to address this area when they are doing the crack sealing.

A. Election of Officers
   Paul Hage made a motion to retain the same Officers. Bob Price seconded and the motion carried.

C. Parking
   David Thompson suggested adding about 33 new parking spaces to the existing 22 for a total of 55 spaces parking spaces for recreational vehicles between the tennis court and I-70. He was asked to get a cost estimate for review at the October meeting. He thought the in-house staff could do the work to create the lot.

Paul Hage made a motion to approve the September 20, 2016 Board Meeting minutes as presented. Bob Price seconded and the motion carried.

III. MARIJUANA PRESENTATION
Wilton Anderson reviewed options for restricting smoking (of any type) at the property:
1. A policy can be established to restrict smoking in the common and limited common areas, although state law already addresses smoking of marijuana in these areas.
2. It is difficult to restrict owner behavior inside the unit (smoking of any type or cultivation), unless the odor causes a nuisance and interferes with the use and enjoyment of the property by other residents.
3. A policy can be enacted to restrict smoking by tenants. This would only be enforceable if there is a prohibition in the owner lease. The enforcement mechanism would be a fine (preferably of a significant amount and escalating for continued violations) against the owner.
4. A policy can be enacted to prohibit cultivation of marijuana by tenants.

IV. QUESTIONS AND COMMENTS FROM THE FLOOR/COMMENT BOX
There were no questions or comments from the floor.

V. FINES AND HEARINGS

VI. MANAGER’S REPORT

A. Manager’s Report

2. Owner #4 – The owner is paying $550/month but dues are $589/month so the outstanding balance continues to grow.
3. Owner #8 – The owner pays monthly dues but is not paying the past due balance and Margarita Sherman does not have valid contact information for the owner.

Paul Hage made a motion to send the account for Unit O304 to the attorney to start foreclosure proceedings. Cathy Brosius seconded. In discussion, Bob Price asked if the attorney was aware the owner was making monthly payments with $52 going toward the debt and if the owner is under the impression that he has a deal to reduce the debt. Margarita Sherman confirmed that the owner has been offered a payment plan but there is no signed agreement. The attorney is aware of the amount being paid monthly. The motion carried with Bob Price opposed.

VII. TREASURER’S REPORT

A. 2016 Year-to-Date Operating Account Summary as of September 30, 2016
3. Total Operating Revenue – $1,114,378 actual vs. $1,109,293 budget (0.5% over budget).

Bob Price made a motion to approve Financial Report. Mike Kurth seconded and the motion carried.
VIII. BUILDINGS, GROUNDS AND LANDSCAPING COMMITTEE
Lisa Watkins was not present to provide a report.

IX. ARCHITECTURAL REVIEW COMMITTEE
Cathy Brosius said there were some improvements underway but none of them were structural. There was some discussion about the front doors of the units. Bob Price felt the doors should be painted with neutral colors. Cathy said she would be cleaning up the documents and will forward them to the Board for review. Richard Garcia said the attorney at the CAI meeting recommended sending the revised Rules to the owners for a 30-day review period before final approval by the Board.

X. OLD BUSINESS

Paul Hage reviewed the books and everything was in order.

B. Progress on Lamp Posts and Electrical at the Clubhouse
David Thompson said the bases for the lamp posts had been poured. The permit has been held up because the County wants a survey to determine if the existing sign is on the easement.

C. HC3 Recommendations and Suggestions for Energy Conservation
Cathy Brosius said the property has been approved by HC3 but implementation is on hold until after January 1st. An assessment of the property will be the first step.

XI. NEW BUSINESS

A. Possible Replacement of Exterior Porch Lights with LED Lights
David Thompson said Geoff Merker had replaced about 100 of the exterior porch lights. He was not aware of any fixtures in need or repair or replacement at this time. None of the replacements were LED fixtures. Since the owners pay the electric bills, the Association does not have full control of the fixtures. He thought it might be possible to include fixture replacement as part of the HC3 project. The Board agreed not to take any action at this time. David Thompson will keep some fixtures in inventory to replace any that fail.
B. **Budget Committee**

David Thompson is working on pricing for projects for next year. The Operating Budget will be drafted for approval at the December Meeting.

C. **Expansion of Parking Lot Near the Tennis Courts**

David Thompson said the idea is to wrap the parking lot around the tennis courts to add 33 more spaces for a total of 55 spaces. The work can be done by in-house staff and will include spreading of road base ($10,000) or recycled asphalt ($1,500), installation of 4 x 4 posts with steel cables and the addition of 6’ of windscreen on the tennis court on two sides to hide the cars. Eric Nicholds suggested putting down the road base, allowing it to compact for a year and possibly adding the recycled asphalt later. There are 27 owners on the waiting list and 22 in the lot now. There would be a few extra long spots for trailers. The Board will make a decision about charging rent at a later date.

Bob Price made a motion to approve an expense of $10,000 from Reserves to put down road base to expand the parking lot by 33 spaces. Paul Hage seconded and the motion carried.

D. **Natural Gas**

Bob Price reviewed the documents for the new bulk gas supplier. The rate will be based on the Rocky Mountain spot price plus $0.15 and transportation. Gary Nicholds will provide the approximate usage from last year. The Board agreed to lock 60% of the volume for November through April.

B. Rules
Cathy Brosius will send out the revised Rules to the Board for review. She said there had been discussion about providing a third parking pass for three bedroom units. David Thompson said it would help him to identify cars that need to be moved. It was noted that not all buildings have enough spaces to accommodate a third vehicle. Bob Price was adamantly opposed to allowing a third vehicle unless this could be offered for all buildings.

Notes from the Prez

Greetings and Welcome to Winter – Finally

Monthly Dues for 2017
It’s looking more and more like we may not have to increase dues for 2017. We will let you know as soon as our budget for 2017 is completed. But please remember – The dues for 2017 have not been set.

Carpeting
The following hallways are scheduled for new carpets. The letter signifies the building and the number signifies the stack. A “stack” is the entry door count starting from Straight Creek Drive. Example: A-2 is building A and the second entryway counting from Straight Creek Drive.

Starting November 28th, weather permitting:  A-2, F-3, G-1, G-4, H-1, I-3, Q-4, V-3, Z-1, AA-1, AA-2

Parking Permits
New parking permits are available at the clubhouse or you may order them on-line at www.dillonvalley.org. Click on the left column under Quick Links for Parking Permits.

Parking Spaces
I apologize to the majority of owners for the following scolding message. There are a few “special” people who think they can park in someone else’s parking space or in the wrong parking lot. We will find you and give you a kind warning and attempt to contact you to correct your ways. Dillon Valley East has limited parking and we know you take advantage of nightfall to sneak your vehicle into the wrong parking lane. If you rent your unit and the renter is a “special” person, you may have to pay their fine and maybe their tow charge for not letting them know the parking rules.

Engine Block Heaters
During extreme cold weather, some vehicle owners use electrical engine block heaters to allow their vehicles to start in the cold mornings. Dillon Valley East does not have external electrical power outlets. If you string an electrical extension cord through a window or door to your vehicle, you face the liability of causing a fire or harm to a pedestrian. Please do not place an electrical extension to your vehicle from any building. Our maintenance people are authorized to remove the extension cord without warning to the owner/user.

Heating Problems
Please check your heating system now before it gets extremely cold at night. To test, turn down your heat at the thermostat unit and wait for about 10 seconds. Then turn up your heat. You may hear an electrical motor buzzing and the floor radiator in your unit should start to warm. If you do not feel warmth, then your zone valve may have failed. Our management team would be glad to check your heating system and advise you for corrective action. Dillon Valley East is not responsible for the replacement or repair of heating parts in your condominium.
